	Aug. 2025—Present
Shenyang Jianzhu University Bachelor of Engineering in Urban Planning	Shenyang, China
Core Course: Urban Research	
	Sep. 2020—Jul. 2025

INTERNSHIP EXPERIENCE

FREELANCE VISUAL DESIGNER Remote	Nov 2023 - Present
- Managed end-to-end client work across 40+ posters, brand visuals and event-promotion assets, from brief and concept through production and delivery, generating frequent repeat commissions. - Created visual identities and campaign systems for street-dance workshops, crew projects and events, translating community cues, instructor imagery and event goals into clear promotional narratives. - Tracked social and visual trends, adapted each treatment to its audience and channel, and kept scope, timing and feedback organised across concurrent freelance projects.	
NNENU LTD. (Early-stage Startup) Hong Kong, China	Jun. 2026—Aug. 2026
Product Manager Intern	
- Benchmarked Google Maps, Instagram and OpenRice to compare platform positioning, content-discovery journeys and creator workflows; turned findings into bilingual product and presentation materials. - Analysed GA4 and Microsoft Clarity behaviour data, standardised event parameters and shared prioritised recommendations across product and engineering.	

SELECTED PROJECTS

Street-Dance Platform Culture Research Portfolio Case	Sep 2026
- Built a structured study of 12 public street-dance samples across Xiaohongshu and Bilibili, coding hooks, content form, source handling and visible audience response. - Used AI to standardise the research sheet and compare recurring patterns, then reviewed source pages, captured evidence and translated findings into platform-native content recommendations.	
Street-Dance Creative Portfolio Community and Events	2023 - 2026
- Developed campaign concepts and visual systems for street-dance workshops, crew activities and the Vision Game battle, spanning posters, role cards, medals and event assets. - Worked from community references and event objectives to shape visual direction, promotional copy and coherent treatments across physical and social touchpoints.	

SKILLS

Languages: Mandarin (native); English (IELTS 7.0); Cantonese (elementary)
Culture and Research: Chinese-platform research, cultural landscape research, source verification, trend synthesis
Creative and Delivery: Campaign treatments, visual storytelling, presentation design, project tracking, bilingual communication
Tools and AI: Adobe Creative Suite, Figma, PowerPoint, Excel, GA4, Microsoft Clarity; Codex for research synthesis, first drafts and prompt prototyping; AI-assisted Python for structured data analysis
